Flexible professional development with Management Seminars

Also this year the Berlin Professional School of the HWR Berlin offers management seminars. A new addition to the portfolio is the online seminar "Entrepreneurship and Business Model Innovation".

14.08.2020

Our management seminars are a compact professional development for the business practice. They provide practice-oriented and academic-level knowledge as well as management related skills. These are individual modules of the Berlin MBA in English on various management topics, such as Transformation Management and Change or International Management.

New in the programme is our management seminar Entrepreneurship and Business Model Innovation, which deals with the design of innovative business models and the launch of agile innovation projects.

Seminar schedule for autumn 2020

From autumn 2020 we will be offering the following seminars:

- [Transformation Management and Change](#)
- [International Finance and Mergers & Acquisitions](#)
- [International Management](#)
- [Online: Entrepreneurship and Business Model Innovation](#)
