

# Blended Intensive Programmes (BIP) Erasmus+ Programme

## Good to know!

- At least **three universities** from three different [EU Member States and third countries associated to the Programme](#) are required to take part in a Blended Intensive Programme.
- The joint in-person programme takes place at one of the participating universities and should last between **5 and 30 days**. The in-person programme has to be combined with a **virtual phase**, the length of which can be determined by the participating universities.
- The virtual phase takes place before, during or after the in-person programme and allows for online learning, exchange and teamwork
- At least **15 student participants** travel from the participating universities to take part in the in-person programme.
- Students must receive a certificate or Transcript of Records stating that at least **3 ECTS points** have been awarded for taking part in the BIP.
- The **coordinating/hosting university receives financial support** for carrying out the BIP, in particular for the organisation of the in-person programme.
- **Students that travel** to the in-person programme receive **financial support from** the Erasmus Programme of their **home university**.
- **Participating universities** that are planning to send students to a BIP at another university should contact **the Erasmus Coordinator/International Office at their home university** to confirm details of the **Erasmus financing for their students**.
